EDUCATION

Turku University of Applied Sciences <i>Bachelor of Engineering, Information and Communication Technology</i>	<i>Turku, Finland</i> <i>Aug 2026 – Present</i>
Tampere University <i>Open University Route — Science and Engineering, Computer Software Engineering (20 ECTS)</i>	<i>Tampere, Finland</i> <i>Aug 2025 – May 2026</i>
Vuosaari High School <i>General Studies, Finnish Matriculation Examination; coursework in Python and HTML</i>	<i>Helsinki, Finland</i> <i>2020 – 2023</i>

EXPERIENCE

Tapli <i>Founder & CEO</i>	<i>Vantaa, Finland</i> <i>May 2026 – Present</i>
- Founded and run a QR ordering and digital menu platform (tapliapp.com) that is live in Finnish restaurants taking real orders every day; own sales, pricing, marketing and product direction, and personally sell and onboard most accounts. - Build and ship the product myself using AI-assisted development — restaurant dashboard, customer menu, table-side ordering and kitchen display — working in TypeScript and React on Supabase and Cloudflare. - Integrated Stripe Connect Express so restaurants are paid directly, with VAT receipts and refunds handled automatically. - Decide what gets built from what restaurants actually ask for during onboarding and support, and keep the live product dependable through daily service.	
AddNow <i>Head of Marketing and Social Media</i>	<i>Helsinki, Finland</i> <i>Nov 2025 – Present</i>
Lead marketing and content for an AI-powered contact management app: strategy, content calendar and creative direction across TikTok, Instagram and LinkedIn, turning product features into downloads.	
Clas Ohlson <i>Sales Advisor</i>	<i>Vantaa, Finland</i> <i>Oct 2025 – Jul 2026</i>
Sold on the shop floor and supported order packing, logistics and returns at Finland's only Clas Ohlson e-commerce warehouse; grew loyalty sign-ups as Club Clas Ambassador.	
Helena Riihitupa Oy <i>Event & Customer Engagement Professional (Contract)</i>	<i>Helsinki, Finland</i> <i>Sep 2025 – Present</i>
Represent client brands directly to consumers at on-site activations and events across Helsinki, supporting event execution on the ground.	
Finnish Defence Forces <i>Conscript Soldier — Sergeant (Kersantti), NCO Course (AUK)</i>	<i>Upinniemi Naval Base, Finland</i> <i>Jul 2024 – Jun 2025</i>
Completed 12 months of national service: selected for and graduated from the Non-Commissioned Officer Course (aliupseerikurssi, AUK), then served as office area NCO responsible for unit documentation and administration.	
Freelance (Self-employed) <i>Social Media & Video Editing</i>	<i>Helsinki, Finland</i> <i>Aug 2023 – Jun 2026</i>
Delivered short-form content end to end for brands — scripting, filming, editing and performance analysis — across TikTok, Reels, YouTube Shorts and LinkedIn.	

PROJECTS

Perch <i>Swift · SwiftUI · macOS · open source (MIT)</i>	<i>2026</i>
Built and released a native macOS menu bar utility that bundles window tiling, an Alt-Tab window switcher, clipboard history, system monitoring, disk and screen cleaning and per-display brightness; written in Swift with AI assistance and shipped as a signed universal app with a public repository and documentation site.	

LEADERSHIP & VOLUNTEERING

- Slush — media area volunteer supporting podcast crews, creators and speakers (2025); badge pre-print and production for speakers, startups and investors (2023). - India Day Finland — marketing team; filmed and edited interviews with the Indian Ambassador to Finland and Finland's Director of Immigration Affairs (2026). Helsinki Coffee Festival — social media and photography (2024–present). Elisa Esports — social media assistant at Elisa Masters Espoo (2022).
